A conflict of interest also occurs whenever an individual has a relationship with other parties to the transaction or matter such that the relationship might reasonably be expected to affect the judgment of the individual in the particular transaction or matter in a manner adverse to the BOC.

B. Confidentiality

All information pertaining to an individual's application, individual scores, item banks, contents of examinations, and any other items pertaining to the processing of applications, preparation of examinations/work sample projects or scoring of examination are confidential.

1. It is essential that the BOC maintain a clear separation of its activities from the accreditation of education and training programs. Therefore, members and employees of the BOC should carefully avoid any participation in the policy making aspects of accreditation of education and training programs.
