

# Contemporary Issues in Urologic Pathology

[ 25.00 CME Credits ]

## Sunday, November 8, 2009

	Welcome, Introductory Remarks	David Grignon, MD	
	Kidney Tumors - Classification, New Entities and Differential Diagnosis Part I & II	John N. Eble, MD, FASCP	7:50am-11:45am
	Pediatric and Mesenchymal Kidney Tumors		
	Kidney - Handling and Reporting of Renal Cell Carcinoma Containing Specimens	David Grignon, MD	1:00pm-4:30pm
	Adrenal Gland Tumors		
	<b>Video Microscopy Session</b> - Kidney	John N. Eble, MD, FASCP	

## Monday, November 9, 2009

	Prostatic Adenocarcinoma - Diagnostic Criteria		
	Benign Mimics of Prostatic Adenocarcinoma	Peter A. Humphrey, MD, PhD, FASCP	8:00am-11:45am
	Prostatic Carcinoma - Variants		
	Prostate Cancer Precursor Lesions and Differential Diagnosis	David Grignon, MD	1:00-4:30pm
	Gleason Grading, Handling and Reporting of Needle Biopsy and Radical Prostatectomy Specimens		
	<b>Video Microscopy Session</b> - Prostate Gland	Peter A. Humphrey, MD, PhD, FASCP	
	<b>Glass Slide Self-Study Session</b> - (optional)		4:30-8:30pm

## Tuesday, November 10, 2009

	Urothelial Carcinoma and Histologic Variants		
	Other Tumors and Mimics of Bladder Tumors	David Grignon, MD	8:00am-11:45am
	Handling and Reporting of Urothelial Carcinoma Containing Specimens		
	Molecular Testing in Urologic Pathology - What - if Anything is Routine in 2009	David Grignon, MD	1:00-4:00pm
	Penis and External Genitalia	John R. Srigley, MD, FASCP	
	<b>Video Microscopy Session</b> - Urinary Bladder	David Grignon, MD	
	<b>Glass Slide Self-Study Session</b> - (optional)		4:00-8:00pm

## Wednesday, November 11, 2009

	Germ Cell Tumors of the Testis		
	Handling and Reporting of Germ Cell Tumors	John R. Srigley, MD, FASCP	8:00am-11:45am
	Non-Germ Cell Tumors and Selected Tumor-Like Lesions of the Testis and Paratestis		
	Testis - Infertility Biopsies	David Grignon, MD	1:00-2:50pm
	<b>Video Microscopy Session</b> - Testis	John R. Srigley, MD, FASCP	
	Closing Remarks	David Grignon, MD
