ASCP BOC INFORMATION REGARDING COVID-19

The ASCP BOC takes the health and wellness of our constituents very seriously. We understand that you may be concerned about how this ongoing health crisis may impact your program, eligibility, application, or exam date. The ASCP BOC is working to ensure that appropriate processes are in place, and thank you for your patience as we work to best support all constituents throughout this time. Please check this page often for updates.

Pearson VUE Testing Sites:
- Pearson VUE sites
- Scheduling an Exam at a Pearson VUE site
- Valid ID – Exceptions

Applicants:
- I have already scheduled my exam
- I have been made eligible but not yet scheduled an exam date
- I have submitted an application, but have not yet submitted documentation
- I need to request accommodations for a disability
- I have taken and failed the exam. When can I schedule my re-take?

General Concerns:
- Certification Requirements Remain Unchanged
- No Remote Proctoring of Exams at this Time

Students and Program Directors

PEARSON VUE SITES
Pearson VUE continues to operate testing locations within the U.S., Canada, and internationally, following all local and federal guidelines. Due to the volatility of COVID-19, government guidelines may change frequently and/or quickly. As this may impact testing capacity and/or operations at Pearson VUE sites, check Country Specific testing information often.

As of May 12, 2020, all candidates are required to wear a face mask or facial covering for the duration of their time at a Pearson VUE testing location, including while taking the examination. It is the candidate’s responsibility to bring a face mask or facial covering that fully covers the nose and mouth. If a candidate appears at the test center without a mask, they may be denied testing and will need to reapply and submit a new application fee to test at a later date. Review the latest health and safety requirements at Pearson VUE test centers regularly.

SCHEDULING AN EXAM AT A PEARSON VUE SITE
There continue to be a high volume of exam candidates looking for testing availability. The ASCP BOC has extended eligibility windows for all candidates in order to accommodate the changing situation, and to allow for candidates to test at a time when they are able to do so safely. All applications will remain active and valid through the eligibility window. The status of Pearson VUE global test delivery is changing rapidly due to the spread of COVID-19. Please check this page, as well as the Pearson COVID-19 page, often for updates.

I HAVE ALREADY SCHEDULED MY EXAM
Check the Pearson VUE website for current information. If your Pearson VUE testing center will be closed, they will automatically cancel your appointment and notify you through email.

If the Pearson VUE testing location remains open, if for any reason you are unable to make your scheduled test appointment, you must cancel or reschedule your appointment. If you do not successfully cancel or reschedule your appointment at least 24 hours prior to your exam date and time, you will be required to reapply, and submit payment of another application fee, before you are able to test. Please note that you have not successfully canceled or rescheduled your appointment unless you receive a confirmation directly from Pearson Vue. See the ASCP BOC website for complete information.
I HAVE BEEN MADE ELIGIBLE BUT HAVE NOT YET SCHEDULED AN EXAM DATE:
Due to the ongoing health crisis, the ASCP BOC is allowing for an extended eligibility window. Your Admission Notification will show your dates of eligibility, and your application will remain active for this eligibility window.

VALID IDENTIFICATION – SHORT TERM EXCEPTIONS
Candidates may have an expired ID as they are unable to renew their government issued IDs because facilities are closed due to COVID-19. The BOC and Pearson VUE will accept expired IDs from candidates at this time and until further notice. Check this page often for updates.

Please note that processing times have been impacted due to COVID-19.

I HAVE SUBMITTED AN APPLICATION BUT HAVE NOT YET SUBMITTED DOCUMENTATION:
At this time, the ASCP BOC is requesting that all documentation be submitted electronically. ASCP BOC staff receive a high volume of documents and transcripts daily from May - August. All documents, including transcripts, are continuously processed as received. We appreciate your patience throughout the application process.

BOC staff will retrieve all transcripts within 5 business days. However, it may take up to 30 business days after retrieval of documentation (including transcripts) for these documents to be reviewed to determine eligibility, identify deficiencies, or release score results. You will receive an email notification any time the status of your application changes. Do not submit duplicate documents or email before this time has elapsed as it delays the processing of all applications. To accommodate this, the timeframe for required documentation to be received has been extended from 45 to 60 business days.

Please note that ASCP Customer Relations will not be able to provide information regarding the status of submitted documents. You may log in to your ASCP account to check the current status of your application at any time.

Transcripts: See [http://www.ascp.org/boc/transcript](http://www.ascp.org/boc/transcript) for official transcript requirements.

Official transcripts for ASCP categories must be sent directly from your academic institution to Transcripts.boc@ascp.org.

Official transcripts or transcript evaluations for all ASCP categories should be sent to ascpinternational@ascp.org.

If submitting electronic transcripts, please be aware of the security features your institution implements. Your official transcript must remain accessible for the processing of your application and maintained as part of your permanent record. If access to your electronic transcript expires, you may be required to purchase and submit another official transcript to the ASCP BOC in order to complete your application.

Documentation Forms and Letters of Authenticity:
All documentation forms and letters of authenticity must contain original, handwritten signatures and be sent as a PDF file. Pictures are not acceptable. Please make sure to include your full name, ASCP Customer ID, and exam category in the body of your email when submitting documents electronically.

ascpinternational@ascp.org - All ASCP categories of application

The email addresses below are to be used for documentation forms for U.S.(ASCP) categories of application.

DocumentationAN.boc@ascp.org – MLT

DocumentationJG.boc@ascp.org – MLS

DocumentationSB.boc@ascp.org – PBT, BB, SBB, C, SC, H, SH, M, SM, DLM

DocumentationSC.boc@ascp.org – CG, CT, DPT, HT, HTL, MB, MLA, PA, SCYM, SMB, QBRS, QIA, QIHC, QLS
MAILING INSTRUCTIONS
If you are unable to submit transcripts or documents electronically, please mail them to the address below. Please note that there will be an additional delay of 2 weeks in the processing of all documents submitted through the mail.

Mailing address:
ASCP BOC
Attention: Jackie Sanders
33 W. Monroe St, Suite 1600
Chicago, IL 60603

DOCUMENTATION FOR APPLICANTS WITH A DISABILITY:
Applicants requesting a modification in the examination environment due to a disability must notify the ASCP Board of Certification in writing before submitting an application and provide a letter of diagnosis from an appropriate professional specifying the needed modification. Requests are considered on a case-by-case basis.

The ASCP BOC is temporarily accepting requests and documentation electronically. Please send to the email address referenced in the section above based on your category of application.

I TOOK AND FAILED THE EXAM. WHEN CAN I SCHEDULE MY RE-TAKE?
We understand that eligibility windows have been extended due to COVID-19. You do not need to wait until after your current eligibility window ends to re-apply; you may re-apply immediately after you receive your score report. Upon processing your application, the evaluator will determine the appropriate start date of your new eligibility window. Candidates are not permitted to sit for the same examination more than once within a 90 day period.

CERTIFICATION REQUIREMENTS REMAIN UNCHANGED:
The BOC is committed to upholding the standards of certification; no changes to eligibility requirements are being made at this time. Applicants must be able to verify completion of all eligibility requirements as written and submit appropriate documentation. For students completing accredited programs, please note that the program itself determines what constitutes acceptable completion of this program; clinical hours are not determined by the ASCP BOC or most accrediting agencies. The ASCP BOC will work with individuals on a case by case basis as needed to ensure that we are doing everything we can to manage the ongoing and rapidly evolving situation.

NO REMOTE PROCTORING OF EXAMS AT THIS TIME:
The ASCP BOC has no intention of moving any certification examinations to remote proctoring at this time. Maintaining the security of exam content and continued ANSI accreditation require any changes to exam delivery to be made only after thorough investigation and selection of an appropriate vendor. The time required to thoroughly vet vendors, review security procedures, and receive ANSI accreditation would only allow us to begin the QA and testing required to republish exams. The ASCP BOC recognizes that this solution would appear to many to be the best solution. Please be assured that the ASCP BOC has thought carefully about this option.
FOR STUDENTS AND PROGRAM DIRECTORS OF ABHES/CAAHEP/NAACLS ACCREDITED PROGRAMS:

STUDENTS:
The ASCP BOC has always encouraged students to not apply more than six weeks before program completion. If a student is uncertain about when they will be able to complete all components of the program, they should hold off on applying until they have a more clear timeframe.

PROGRAM DIRECTORS:
We understand there is a lot of uncertainty at this time concerning the impact of COVID-19 and the ability for students to finish the didactic and/or clinical requirements of their program. Unfortunately, many programs are faced with this challenge with no clear-cut resolution. We recommend you join the BOC Program Director’s Facebook group as a place to share ideas with other Program Directors who are dealing with similar situations. For specific questions regarding programs, please reach out to your accrediting agency. (www.abhes.org; www.caahep.org; www.naacls.org)

STUDENTS’ ELIGIBILITY:
The ASCP BOC has always encouraged Program Directors to not sign off on a student's eligibility until they are certain they will meet all components of the program, including clinicals and final exams, by the date indicated on the student’s application.

If a student’s program end date has been pushed back due to COVID-19, please do not mark them as “Ineligible” on the EEV. Send a comment from the EEV with the updated end date and a brief explanation of the circumstances. During this time, applications will remain active and valid to accommodate necessary changes.

EXAM SCHEDULING:
We understand that you would like your students to test as soon as possible after program completion. All ASCP BOC examinations are being offered at Pearson VUE testing locations, but please be aware that, due to previous closures and capacity regulations, testing dates may be delayed. We recognize your graduates are essential personnel during this time and are doing all we can to ensure they can test as soon as possible. Please see complete information above.

PASS/FAIL:
We understand that some institutions are investigating the use of Pass/Fail grades during this time. Note that the ASCP BOC accepts the use of “Pass” on an official transcript in lieu of a passing grade, provided the quarter or semester hour credits assigned to the course is also indicated.

THE ASCP BOC WILL CONTINUE TO MONITOR THE ONGOING HEALTH SITUATION. IF YOU HAVE QUESTIONS OR CONCERNS NOT ADDRESSED HERE, PLEASE EMAIL PDINFO@ASCP.ORG

Please note that emails sent to PDInfo@ascp.org regarding transcripts, documentation, or the processing of applications will not receive a specific response. Please see page 2 for information regarding these processes.
