*Melissa P. Upton, MD, FASCP*

Dear Colleague,

Medical Laboratory Professionals Week (Lab Week) is just around the corner, April 21–27, 2019. It's our opportunity to come together as a team of medical laboratory professionals and pathologists to recognize our vital role in delivering quality patient care. ASCP is the only organization that represents every member of the pathology and laboratory medicine team—because no one in our profession works in isolation. Now, let's celebrate our commitment, passion, and dedication to patient care.

From entering your lab to win an ASCP-sponsored Lab Week prize to purchasing apparel, this catalog includes many ideas for bringing Lab Week to life in your care setting and across your community. As you continue to pave the way toward success in your own laboratory, we invite you to join us for Lab Week to put that success in the spotlight.

I hope that this booklet inspires you to celebrate the importance of the laboratory, and to get creative with the ASCP Pac Lab Photo and Video Contest. See page 4 for more information on how to upload your content and vote for your favorites.

We hope you have a great time collaborating with your colleagues on this fun celebration. You've dedicated your professional life to turning medical unknowns into answers that improve care and save lives. As the President of ASCP—the only Society representing the entire laboratory team—I appreciate your patient-centric approach to health care. Your attention to detail and accuracy ensures patients receive the right diagnosis and treatment, and that's worth honoring!

Warm regards,

Melissa P. Upton, MD, FASCP  
ASCP President
