Special guest speaker - Dr. Ophira Ginsburg: is a medical oncologist with expertise in cancer epidemiology, prevention and screening. She has developed an innovative program of population intervention research, education, and policy initiatives in cancer disparities and global cancer control, with projects in North America, Vietnam, Bangladesh, and Tanzania. The overarching goal of her work is to inform resource appropriate practices and policy to reduce health inequities for women with cancer. In 2015-16, she served as a Technical Officer at World Health Organization Headquarters building policy and programming for women’s cancers. In 2017 she began a new post as Director of the High Risk/Cancer Genetics Program at the Perlmutter Cancer Center, NYU Langone Health, and is Associate Professor in the Department of Population Health at NYU School of Medicine.

GFC would like to extend a heartfelt thank you to our generous sponsor:

All proceeds will be donated to Global Focus on Cancer, a 501(c)(3) non-profit organization that acts as an agent of simple and effective change to help reduce the global burden of cancer through programs in support, awareness, advocacy and networking, in areas where access to information about cancer is critically lacking.
