The Premier Opportunity to Connect with Influencers in Pathology and Lab Medicine

ASCP 2019 Annual Meeting is the only meeting that connects you with laboratory medicine's full team of key purchasers—all of the people you need to reach to meet your goals. It is the single best opportunity to interact directly with your target audiences through one-on-one meetings, product education, and group presentations during exclusive exhibit hours.

Access Key Decision Makers

The meeting offers you several opportunities to connect with decision makers, thought leaders, and early adopters of laboratory and pathology products and services. Attendees are comprised of several groups:

Best of all, these diagnostic leaders represent hospitals and health systems, research hospitals, and independent reference labs—the full spectrum of buyers.

Last year, ASCP's Annual Meeting was a huge success for EXAKT Technologies. We met a large number of attendees that were engaged and eager to learn more about our pathology saw. The layout of the exhibit hall, session topics, and attendees helped make this an extremely productive event for our company.

—Tim Milligan, Marketing Director, EXAKT Technologies, Inc.
